

Joe Tompkins MEng BA

Graduate Engineer

Joe joined Structure Workshop in 2019 after graduating from the University of Cambridge. He has strong interests in timber design, environmental sustainability and parametric design tools. He has already worked on several projects at Structure Workshop, including large retrofit and new build projects.

For his master's project, Joe worked with Smith & Wallwork Engineers and Niall McLaughlin Architects to research the behaviour of a complex sweet chestnut roof structure in Oxford. The paper has been accepted for oral presentation at the World Conference of Timber Engineering, 2020 in Santiago, Chile.

Key Recent Projects

Wraxall Yard, Dorset (Clementine Blakemore Architects) 2020

Durham Wharf, London (Assemble) 2020

Green Templeton College Dining Hall (Feilden Fowles Architects) 2020

Qualifications

MEng Engineering (First Class Honours) 2019

University of Cambridge
